DESCRIPTION

Everybody's favorite! A beautiful ornamental paperweight for desktop use that is also a sweet gift and a nice collectable piece of art. **The white base with little bubbles inside - which recall an ice cube - and the red heart on the top have been entirely handmade by Thomas Apa in his atelier in Murano** according to the ancient Muranese technique called "a lume". Like all the products handmade by the Muranese masters, each paperweight is unique; any small variation is a typical element and a guarantee of its craftsmanship.
