DESCRIPTION

Choose a bracelet, insert your favourite glass charms, divide them with hearts and silver charms, and here's your own creation. The Celestia bracelet: unique and personal. Your choice, your story, your own artwork!

The charms are made of 925 sterling silver and Murano glass, using the [lume](#) and [sommerso](#) techniques.

Celestia bracelet: as unique as you are.

Handmade in Venice by a selected supplier, using the traditional Murano glass techniques. Any small defects or difference in measures and colours as reported here are to be considered as evidence of this craftsmanship.

Note: to insert the charms, you have to rotate them slightly, not push them.

See "[Additional Information](#)" to know more details about the Celestia bracelet.

How to **customize** it:

1. choose a silicone or silver bracelet and the right size;
2. choose all the optional elements you'd like to add in your bracelet: clips, silver charms, hearts, and glass beads;
3. check the price, choose quantity (eg: 1), and then hit '[add to cart](#)'.
