DESCRIPTION

The Iris **Murano glass chandeliers** collection has a peculiar and elegant design: with its lines and veins it recalls an iris, the popular garden flower.

Every chandelier is adorned with colored rims made by using a particular working technique which adds exclusivity to this beautiful collection.

Available in:

- *lilac* with white rims and details, nickel frame;
- *white* with lilac rims and details, nickel frame;
- *red* with gold rims and details, gold frame.

MuranoLab is the latest offering from Voltolina consisting of a glass studio with a team of highly-experienced glass masters; this ensures flexibility of design and an infinite number of interpretations. The products are entirely hand made, blown and worked by Murano glass masters in partnership with international designers.

This product has been handcrafted in Venice using the traditional Murano glass techniques by the atelier Voltolina.
