\$555.86

Sculpture of a bull, small.

Color: *calcedonio*

### DESCRIPTION

---

Sculpture of a Bull in **Murano glass**, made using the **Massello** and **Calcedonio** techniques.

Capturing an animal on glass, with its expressions and details, is quite complicated. Maestro Tagliapietra's great skills emerge clearly from this perfectly executed sculpture of a bull.

Its **peculiar colors are due to the calcedonio technique**. The coloring effect is obtained by adding to the molten glass a mixture based on different metal oxides. The results are incredible.

Hand-made in Murano by Andrea Tagliapietra, following the ancient **Murano glass** techniques.
