### DESCRIPTION

Three stylized figures with a hole in the center, on a base; in **Murano glass**, made using the **Massello** and **Calcedonio** techniques.

The artist - maestro Tagliapietra - celebrates with this sculpture the family ties: without family and love we are not complete. An exquisite example of Murano glass art.

Its **peculiar colors are due to the calcedonio technique**. The coloring effect is obtained by adding to the molten glass a mixture based on different metal oxides. The results are incredible.

Hand-made in Murano by Andrea Tagliapietra, following the ancient **Murano glass** techniques.
