

HORIZONTAL ROCK - L

\$3,818.39

Murano glass sculpture representing a rock, with inclusion of an air bubble.

Size: large.

Color: *calcedonio*.

DESCRIPTION

Sculpture in **Murano glass**, made using the **Massello** and **Calcedonio** techniques.

Don't be fooled by the sinuous and minimal design: its apparent simplicity and polished surface require speed, precision, strength, and great skills. Maestro Tagliapietra has created another incredible piece of art.

Its **peculiar colors are due to the calcedonio technique**. The coloring effect is obtained by adding to the molten glass a mixture based on different metal oxides. The results are incredible.

Hand-made in Murano by Andrea Tagliapietra, following the ancient **Murano glass** techniques.
