DESCRIPTION

Sculpture in **Murano glass**, made using the **Massello** and **Calcedonio** techniques.

An incredible sculpture of two ibis birds, supported by a glass stand. Maestro Tagliapietra's skills and expertise are evident in this artwork rich in details and perfect lines.

Its **peculiar colors are due to the calcedonio technique**. The coloring effect is obtained by adding to the molten glass a mixture based on different metal oxides. The results are incredible.

Hand-made in Murano by Andrea Tagliapietra, following the ancient **Murano glass** techniques.
