**Murano glass** aquarium:  
an original sculpture in **massello** glass that will decorate any  
room of your house.  
A timeless piece of art.

### DESCRIPTION

---

Diego Costantini has created an incredible **Murano glass** aquarium taking inspiration from the sea.

Crystal blue water, colorful fishes, and tiny air bubbles create the illusion of a living aquarium without its costly maintenance. The unique features of this refined artwork make it suitable for every room of your home, and adapt to every furniture style.

The main body is made in **massello** glass whereas the fishes and seaweed are prepared apart and then included in the crystal body.
