

GOLD AND CRYSTAL LOVERS - CM 54

\$1,591.45

Gold and crystal lovers. Big size

DESCRIPTION

Sculpture of two lovers embracing. Maestro Tagliapietra creates another wonderful piece, taking inspiration from a recurrent theme of the Muranese production. The gold color is made more glimmering thanks to the inclusion of little air bubbles: this is obtained with the baloton technique. Hand-made in Murano by Andrea Tagliapietra, following the ancient Murano glass techniques.
