Pendant in 925 silver, Amber and Pearl.

DESCRIPTION

Pendant in 925 silver with Baltic Amber and Pearl. The pendant is part of "Storia di Mare" (Sea Stories) a collection of unique pieces inspired by whatever comes from the sea -shapes, colours, suggestions, as well as the materials themselves: pearls, shells, pieces of coral and even pebbles smoothed by the waves- which become an integral part of the piece of jewellery itself. The jewellery Gabriella Nanni has designed in her thirty-year career has, above all, always been a way of expressing herself. Her jewellery transmits the personality of the wearer and is composed of unique and timeless pieces.
