DESCRIPTION

Mistici Collection are beautiful vases made in Murano on behalf of the MuranoVitrum by the best master glassmakers.

These vases have a modern and trendy shape, and at the same time an elegant and balanced design.

The Mistici vase is perfect as a centerpiece for its timeless appeal.

The Mistici vase is made with the [blown](#) and the [sommerso](#) (submerged) technique that involves blowing the [bolo](#) with the help of a hollow steel rod.

Through successive immersions of incandescent semi-finished glass in crucibles containing molten glass it is possible to create inclusions of colored glass.
