DESCRIPTION

Philosophy Collection are beautiful vases made in Murano on behalf of the MuranoVitrum by the best master glassmakers.

These vases have a modern and trendy shape, and at the same time an elegant and balanced design.

The Segreti Vase is perfect as a centerpiece or decoration piece for his timeless luxury.

This vase is made with the [soffiato](#) technique that consists in blowing the [bolo](#) with the help of a hollow steel rod.

In this case the bolus is blown into a mold to give it a raw raw shape.

After tempering the piece is cold-finished with the [molatura](#) (grinding wheel).

The colors are obtained by including metal oxides and other chemical compounds in the molten glass.
