White Polar Bear - cm 16

DESCRIPTION

Polar bears are one of the most iconic and well-loved species in the world. The Polar Bear is perfect for those who loves animals, nature and cold weather. The technique use is the **Massello** .This process appeared in Murano for the first time in the late 20s thanks to Flavio Poli at the I.V.A.M. furnace of Libero Vitali's where he designed the first figures in full or massello glass.

Once an initial distrust was revealed from the most traditionalist critics was overcome - actually they saw in this technique a betrayal of one the most important Murano glass feature, the lightness, this process has been widely adopted throughout the island.
