Glass figurine Rabbi with Ten Commandments Tablets - Murano Glass

DESCRIPTION

Rabbi with Torah - Murano Glass Rabbi entirely handmade on the island of Murano using the lampwork glass technique. The spiritual leader of Judaism is represented by the artist holding the central reference of the Jewish religious tradition: The Torah. The perfection and attention to detail of this magnificent object best represents the art of Murano glass. I also remember that each statuette is unique as it is handmade and it is impossible that there are two exactly alike. The product is shipped with the relative certificate of authenticity issued directly by the artist.
