DESCRIPTION

Murano Glass "Nastrato" cube with murrine.

The amazing colours of Murano have been caught in ice cubes: Murano Glass cubes are a specialty of the maestro Alfier. Small and valuable pieces all created with specially made murrine. Handmade by Maurizio Alfier in his atelier in Venice using custom designed [murrine](#) and [fusing](#) technique. Any small defects or difference in measurements and colours as reported here are to be considered as evidence of this craftsmanship, and especially as an evidence of uniqueness of each single piece. Please, note that the murrinas color combinations are different for every piece, so the colours available may vary from what is shown here on pictures.
