DESCRIPTION

Lady watch with Murrina inclusions on the glass face, plexiglass wristband available in 9 different colours, Quartz movement, and Nickel-free Metal Plating Gold Case, as required by the regulation 93/27/CEE. The Murrina combinations are handmade and cannot be chosen.

The bracelet opens like a spring. I recommend it for all sizes of wrists, except those that are too big or too small.

This product has been handcrafted using the traditional Murano techniques by the atelier La Corte Murrina in Venice
