SPECIAL PRICE **\$150.41**

Aquarium disc on metal stand miniature - small size

DESCRIPTION

We commit our glasswork to the most requested glassmakers in Murano, younger masters frequently try to make similar subjects, but hardly they have the experience necessary to arrive to the same results in terms of quality and visual impact. This glasswork is executed "a lume". It means that a single master makes the piece using a gas flame to fuse and to model sticks of colored Murano glass they are called canna.
