

CLASSIC STYLE VASE - MODEL A

\$276.38

Classic style vase

DESCRIPTION

Mouth-blown Murano glass vase created with different techniques.

The different gradations of color are obtained melting blue, green and **crystallino** glass. The bubbles are obtained introducing the heated mass of glass in a mould with many nails inside (**balotòn**).

Handmade in Murano by Vetreria Artistica DiPi, using the ancient Murano glass techniques. Any small defects or difference in measurements and colours as reported here are to be considered as evidence of this craftsmanship, and especially as an evidence of uniqueness of each single piece.
