\$52.95

Simple and elegant necklace with two Murano glass hearts.
Hearts are 2x2cm (0.8x0.8in)

DESCRIPTION

The "Due Cuori" (two hearts) necklace is a simple and elegant jewel with 2 Murano glass hearts made with the [sommerso](#) technique: they consist, in fact, of a layer of coloured glass with the inclusion of a silver leaf coated with a crystal layer. This process makes glass very shiny and bright. Combine the hearts and the cord colour to create a more personal necklace: cords are available in black, silver or amber. Handmade in Venice following the ancient Murano glass techniques.

Aqua hearts are not available at the moment.
