

MURRINE BOOKMARK

\$45.89

A cheerful bookmark with Millefiore murrine.

DESCRIPTION

When thinking about Murano glass products, images of brightly colored vases, magnificent chandeliers, and spectacular sculptures come to our minds. But in Murano artists produce also small - also in the price - everyday objects. Take for example this bookmark: its shape is simple and functional, but what sets it apart from other bookmarks is the round glass element that encloses colorful Millefiore Murrine. One thing is certain: with its cheerful presence, this Murrine Bookmark will make special every page of the book you are reading. Handmade in Venice for MuranoVitrum with the ancient [millefiori technique](#).
