

FILIGRANA STOPPER

\$53.66

Filigrana blown stopper

[Click here to see all the wine stoppers](#)

DESCRIPTION

Bottle stopper with blown Murano glass grip made using the [filigrana](#) technique. The colourful filigrana, available in green, blue, yellow, orange, white, makes this stopper refined and elegant. We recommend that you do not leave the cap in the bottle before storing: the metal is in fact not suitable for prolonged contact with food. Every product, due to the handmade processing, is unique and may differ slightly from those pictured. Handmade in Venice for MuranoVitrum by a selected supplier, according to the ancient Murano glass techniques.
