

AFRICA PLATE

\$2,329.87

Murano glass sculpture by Vittorio Rigattieri.
Diameter: 48cm (19in)

DESCRIPTION

A celebration of Africa, its colours and its wonderful animals: Rigattieri has created a limited series of these plates (this one is N° 1 of 10). His skills clearly emerge from the not-so common technique used: the *cammeo*. For example, notice the high level of detail in the carved elephants. Handmade in Murano by the *maestro* Vittorio Rigattieri, using the ancient Muranese techniques.
