DESCRIPTION

These beautiful vases belong to the new collection "Opal vases" by I Muranesi. These vases have a modern and trendy, yet elegant and balanced design. Hand-blown, each one is different from the others: there may be some small variations due to the handmade production. Choose the Opal vase that suits you most! Check out the medium variant, too. Handmade by I Muranesi in Murano using the traditional Murano glass techniques. Small variations in details and dimensions are due to the handicraft process.
