Eclisse collection. Bracelet

DESCRIPTION

Sterling silver and Murano glass necklace. The beads are manually set under heat in an expressly made silver frame. The bracelet features five Murano glass beads made with a process similar to the [sommerso](#) technique: it consists of colored glass coated with crystal layers.

The length can be adjusted from cm 18 to cm 21. If specifically required, the model can be supplied longer (without any extra charge)

The glass has been handcrafted in Venice, then mounted and finished in Florence by the Gabriella Nanni atelier.
