Decò bracelet: sterling silver and murano glass

### DESCRIPTION

**Sterling silver and murano glass handcraft bracelet** - The beads are made of sommerso glass and Decò glass (that's why the bracelet is called Decò)

Each bead is manually set under heat in a expressly made silver frame. The beads are made with a process similar to the sommerso technique: it consists of a layer of colored glass with the inclusion of a platinum leaf, coated with a crystal layer.

This bracelet combines glass beads with various shapes and different tones: the main tones are brown and grey combined with yellow. The glass has been handcrafted in Venice, then mounted and finished in Florence by the Gabriella Nanni atelier
