DESCRIPTION

Sterling silver and murano glass handcraft pendant, with black double cord - Each bead is manually set under heat in a expressly made silver frame. The beads are made with a process similar to the sommerso technique: it consists of a layer of colored glass with the inclusion of a platinum leaf, coated with a crystal layer.

The main feature is the big squared bead, called "Ville Lumière" (that's why the pendant is called "Ville Lumière"). This pendant combines glass beads with various shapes and different tones.

The glass has been handcrafted in Venice, then mounted and finished in Florence by the Gabriella Nanni atelier
