### DESCRIPTION

The beads have a regular, rounded shape, but they are decorated with original patterns. They are manually set in a expressly made squared, silver frame. They are made with a process similar to the "sommerso" technique, that consists on a layer of coloured glass with the inclusion of a platinum leaf coated with a crystal layer. Perfect in any occasion. Please select the colour you prefer. The glass has been handcrafted in Venice, then mounted and finished in Florence by the Gabriella Nanni atelier
