Lightbulb socket: E14 40W. Also available with other international standards.

DESCRIPTION

Its faceted crystals and pendants that create fascinating effects of light play make the Alicante lighting collection unique, bringing to your home the elegance of the Belle Époque. It's fitted with the Leonardo system, a new and convenient way to assembly your chandelier. The "Sistema Leonardo" enables the user to connect the arms to the pre-wired central body in one simple operation, with just one click. "Sistema Leonardo" is patented and certified to meet the EU IMQ and UL standards. Cleaning time is considerably decreased whereas safety is maximized. It's now possible to enjoy the beauty of an extremely stylish chandelier without the difficulty to assembly it. Available with 24 KT golden or nickel frame. This product has been handcrafted using the traditional Murano techniques by the atelier Voltolina.
